Vice Chairperson Cameron Farm Enterprise, 2018 to present
Vice Chairperson Native Broadcast Enterprise Board of Directors, 2010-Present
Chairperson Cameron Agricultural Ad Hoc Committee
Chairperson Chinle LUPC
Chinle Central Navajo Youth Correction Advisory Council, 1998-2000
Chairman, Navajo Authority Board of Commissioner, 1992-1995
Chairman, Former 1934 Statutory Freeze Redevelopment Task Force, 1992-1995

BACKGROUND:

Fluent in Navajo and English
Hasht'ishnii (mud) Born for the Tsenjikini (Honeycomb Cliff Dwellers) Clan

EXPERIENCE:

NATIVE BROADCAST ENTERPRISE October 4, 2021 TO PRESENT

Acting General Manager under the general direction of Native Broadcast Enterprise Board of Directors, manage business operation of KTNN, KWRK, KKNS and KCAZ Radio Stations. Responsible and accountable for overall administration, manage staff, programing, oversee the budget, employ marketing strategies and public relations of the station.

TOLANI LAKE ENTERPRISES INC 2018 TO PRESENT

work with Tolani Lake Enterprises Inc (TLE) getting a proposal ready to submit to the 2021 Navajo Nation for the American Rescue Plan Act. The food and water security proposal will include domestic water, livestock and ranch water, agriculture and farming. I worked as a contractor field project coordinator 2020 Navajo Nation CARES Act funded projects through a contract with Tolani Lake Enterprises Inc. Tolani Lake Enterprises Inc received a 3.4-million-dollar grant from Navajo Department of Water Resources as a subrecipient to manage the funds for the Former Bennette Freeze Area. December 8 to December 28, 2020 we were able to drill 14 wells along the Little Colorado Valley, set up 3 hoop houses. 200 roof top water catchments. My job entailed getting the permission to survey documents and the Tribal Access Authority for the water wells from Navajo Land Department. I had to work with Chapters, Grazing Officials and Navajo Nation Departments.

Helped Navajo THAW, Building Communities, Navajo Builder form Native Promos a 501c3 non-profit organization. The community view at the chapter level is the Navajo Nation's procurement process is too lengthy and sometimes does not work. The non-profit fiscal money management is better and faster for communities to work with. Tolani Lake Enterprises Inc is a good organization but is overwhelm with projects and Native Promos will be there to help.

CAMERON FARM ENTERPRISE 2017 TO PRESENT

Worked with Tolani Lake Enterprise to form the Cameron Farm Enterprise Inc. Cameron wanted a local working group to look into how the Cameron Community can benefit from Little Colorado River for food and water security. Cameron Farm Enterprise is in the process of withdrawing 400 acres to grow food, water for livestock, water for wildlife and some filtration for domestic use.

CAMERON AGRICULTURAL AD HOC COMMITTEE 2017 TO 2020

Helped establish the Cameron Agricultural Ad Hoc Committee, during a Cameron Land Use Planning meeting report the subject came up about former Cameron Farm Project back in the late 70 and early 80s. I was found that 150 thousand acer feet of water flow down the Little Colorado River annually. The Navajo Tribe and Hopi Tribe cannot determine how much water is used for farming, livestock use and drinking water. The little Colorado River water and the Blue Springs just below the little Colorado River and the Colorado confluence together about 315-thousand-acre feet of water flow into the Colorado River. The Chapter decided to form an Ad Hoc Committee to address the situation and come with a plan to mitigate the situation.

THE U.S HOUSE OF REPRESENTATIVE 10-08-2016

I worked with candidate Tom O'Halloran and his staff as a Tribal Director to get him elected the U.S. House of Representative.

THE U.S. HOUSE OF REPRESENTATIVES, 10-31-2014

Current council to the U.S. House of Representatives Congresswoman Ann Kirkpatrick. I provided Outreach Field Representation to local Chapters in Apache County and Navajo County. Worked on National issues pertaining to the Navajo Nation, Regional, Local Chapters and Constituents. I am currently working with Navajo Nation Veterans Affairs on Veterans Housing with other stake holders like Indian Health Services and Navajo Housing Authority.

SACRED STONE, LLC, 2019 TO PRESENT

DBA Dineh Properties wholesale properties in the Phoenix and Tucson area. Next is to flip and fix properties and, passive money in rentals.

ROBBINS ENTERPRISE AND ASSOCIATES, 1-03-1995 TO PRESENT

As sole proprietor, I am responsible for the overall operation of the Enterprise in an Affiliate Marketing, Multi-Level Marketing and Real Estate Wholesaling Business Industry. I am working with Native Broadcast Enterprise in establishing themselves as Private Investors. I work as an independent associate to assist in obtaining affordable legal counsel to individuals and groups through LegalShield. I am an affiliate in the Global Information Network.

APACHE COUNTY DISTRICT ONE, 1-2-2012 to 1-2-2013.

District Manager, supervised a staff of twenty-six in the daily operation of Apache County District One. It involved working with the Administration and Roads Department to maintain, repair and restore 358 miles of earth dirt roads which included; road surfacing, flat blading, pipe installation, sedimentation control, erosion control and producing storm water pollution prevention plans and stabilize roadway with dust control agents. Planned road maintenance schedules for snow and mud removal in consultation with Tribal, State and Bureau of Indian Affairs. Coordinated with Chapters, Navajo DOT and BIA to crush gravel for road plating.

APACHE COUNTY DISTRICT ONE, 11-17-2003 to 1-2-2012.

Director, Economic Development, Special Projects Director, Planning Director I supervised three staff members to plan, initiate roadway archeological clearances to install CMPs, withdraw land for County offices, and identify and establish gravel sources and drill industrial water well. The main goal was to bring down the cost of earth dirt road maintenance. Developed Navajo Nation minimum road standards and engineering specification for earth/dirt and gravel roads.

DCD/LOCAL GOVERNANCE SUPPORT CENTER/WNA, 6-30-2003 TO 11-14-2003.

As a Senior Planner I worked with various consultants and Tuba City Western Agency Local Support Center to establish the five-management system; consisting of accounting, procurement, filing, personnel management and property management. Worked with individual Chapter Officials and Grazing Committee Members and staff to formulate their comprehensive land use plan consisting of an open space plan, land use plan, thoroughfare plan and a community facilities plan.

BUREAU OF THE CENSUS DENVER RCC, 10-15-1999 to 7-15-2000.

As a Regional Technician I assisted the Regional Manager out of Denver, Colorado by providing technical assistance to the Navajo Nation administration in the 2000 census count, by training census enumerators, planning and establishing census offices.

COMMUNITY SERVICE COORDINATOR, 12-17-1995 to 11-13-1998.

Oversee Chapter administration with a staff of four. Work with Chapter Official to establish their five-management system. Managed daily activities of the Chapter, wrote resolutions, and withdrew land for CellularOne telephone tower, power line extension, water line extension land withdrawal for NTUA in the Industrial Park.

COUNCIL DELEGATE CAMERON AND BODAWAY/GAP CHAPTERS, Navajo Nation

Council, 1990-January 1995

As a Council Delegate and member of the Navajo Nation Council Legislative Branch I was responsible for participating in the making and amending of laws that affect the Navajo Nation and its people. I was appointed by the Speaker of the Navajo Nation Council to the Standing Committee for Economic Development of the Navajo Nation Council, and Navajo-Hopi Land Commission. The President of the Navajo Nation then appointed me to the Navajo Housing Authority Board of Commissioner.

ENGINEER TECHNICIAN II, Division of Natural Resources, Navajo Nation Land Administration, 1987-1991

Survey Chief-responsible for survey equipment, all surveying activities and supervising rodmen. Job entailed performing surveying to determine land tract description for home-site leases.

FIELD ENGINEER, Red Eagle Construction Company, Crownpoint, New Mexico, 1985-1986

Surveyor chain and rodman for a construction stake out. Started out by setting controls for drill caisson and laid out drill pier, location and dimension while keeping logs on drilled caissons. Logs consisted of; number of drills, piers, and locations, depth diameter of caisson and depth of auger refusal, date and volume of concrete pour. Set anchor bolts, shoot elevation for crawl space and to top of slab, HAVAC air vent pipes and stairways. I marked elevation for bottom of grade beam, finish floor, angle iron for bar joist. Kept notes of all controls and changes in field book. Read blue prints to determine all points for elevation and distances.

ENGINEER TECHNICIAN I, Division of Natural Resources, Navajo Nation Agricultural department, 1982-1984

Drilled test holes for alluvial wells. Took soil samples and kept notes of each sample, depth and location. Assisted in canal and dike lay outs and installation of sprinkler systems.

COMMUNITY INVOLVEMENT:

- Economic Development of Apache County
- 1994 Consultation for Indian Housing Authorities.
- National Wilderness Conference-Presenter of a Native American View.

ADDITIONAL TRAINING

- Apache County Risk Management, AazCom / Right to know
- The basics of a good gravel road
- Teamwork and Communication
- Critical Incident Stress Management
- Eight months classroom training covering the principles of surveying. Hands on training using a theodolite transit and Lentz level. Basic instrument set, turning angles and reading the rod. Other hands-on training was chaining, rodmen, note keeping and drafting.
- Legal Aspects Seminar/Diploma Land Surveyors Seminar
- First Aid CPR AED
- Managing Emotions in the work place and Excelling Under Pressure
- Management skills for first time supervisors
- Road and Roadside Drainage

AWARDS

- Certificate of Appreciation for Service and Commitment as a Member of the Strategic Planning Team 1991
- Jim Thomas Business Development Seminar 18 Contact Hours 1991
- Certificate of Appreciations for 3 Years Dedicated and Outstanding Service to the People of Cameron Chapter as a Cameron Farm and Farm Board Member 1983
- Outstanding Performance, Cameron Farm Project, 1983
